

**PRESS RELEASE**

**SACYR SIGNS THE PROJECT AGREEMENT TO BUILD A  
CHILDREN'S REHABILITATION CENTER  
IN AJAX (ONTARIO, CANADA)**

- **In consortium with Amico, it will build a medical and educational centre for children with special needs with more than 11,000 m2 of floor space.**

**Madrid, April 21, 2022.-** The Children First consortium, formed by Sacyr Ingeniería e Infraestructuras and Amico Design, has signed the Project Agreement for the design, construction and financing of the Grandview Kids Center project for children with special needs in Ajax (Ontario, Canada).

The centre, awarded by Infrastructure Ontario and managed by Grandview's Children Hospital, will be a pediatric facility that will integrate rehabilitation, medical and clinical services, as well as education and research activities for children with special communication, physical and developmental needs and their families in Durham Region.

The new Grandview Kids centre will be built on a 2-hectare site and will allow for future expansion to better serve this community.

Grandview Kids will include:

- Campbell Nursery School.
- Occupational therapy, physiotherapy, speech-language pathology, therapeutic recreation, audiology, infant hearing, low vision, social work;
- Ontario Autism Program;
- Preschool Outreach Program
- School Rehabilitation
- Developmental pediatric medical services.
- Family/caregiver resources and support;

**PRESS RELEASE**

Work to be undertaken by the consortium will include highlights the construction of the future building on a 5-acre plot, a community swimming pool, a gymnasium, playgrounds and a path through a forest adjacent to the building.

**Strategic Plan 2021-2025**

With this contract, Sacyr strengthens its activity in Canada, where it is carrying out two projects to widen the platform of the future fourth track of the Lakeshore East-West (LSEW) rail corridor in Toronto. Canada is one of the countries considered a priority in the 2021-2025 Strategic Plan. This Plan aims to balance the portfolio between Europe, English-speaking countries and Latin America.
